**Explanation:** ARNG, Non-Divisional Units, Div Troops, 36 ID, 72<sup>nd</sup> FSAB, 147<sup>th</sup> Reconnaissance Wing and Non-Flying Air NG Units are name changes due to reorganizations. The deletion of the 36 ID designation after units is to clean up the bylaws and to avoid future bylaw changes in case of additional force structure reorganizations. The deletion of the Texas State Guard Director is due to their wish to withdraw their membership from NGAT. NGAT will still allow members of the Texas State Guard to join and participate in the association, they will just not have representation on the board of directors.
